

Case Study

Langham Community Park, Rutland Langham Parish Council

Langham Parish Council felt it was time to update their local park and allocated CIL funds as well as a successful FCC Communities Foundation grant to rejuvenate the existing community space.

The newly refurbished park includes elements for the whole community including sports, fitness and play equipment. The park features inclusive and accessible equipment meaning that no matter their age or ability, the community can come and use facilities in one location together.

Cllr Pat Ovington, Langham Parish Council

"HAGS was chosen because the bid was exactly what we sought, Jilly (HAGS Sales Manager) checked up to ensure every element of the bid was on point, the equipment offered looked good quality and the detail of the bid (work timeline, detail of surfaces, fixings etc) meant we understood where all costs were coming from. The whole project felt like the best value for money.

Jilly set the bar very high in terms of expectation. The contractors were also exceptional and worked with us, becoming, for a while, part of our community. The speed and efficiency of their work, and their ongoing dialogue with us throughout, was exemplary."
